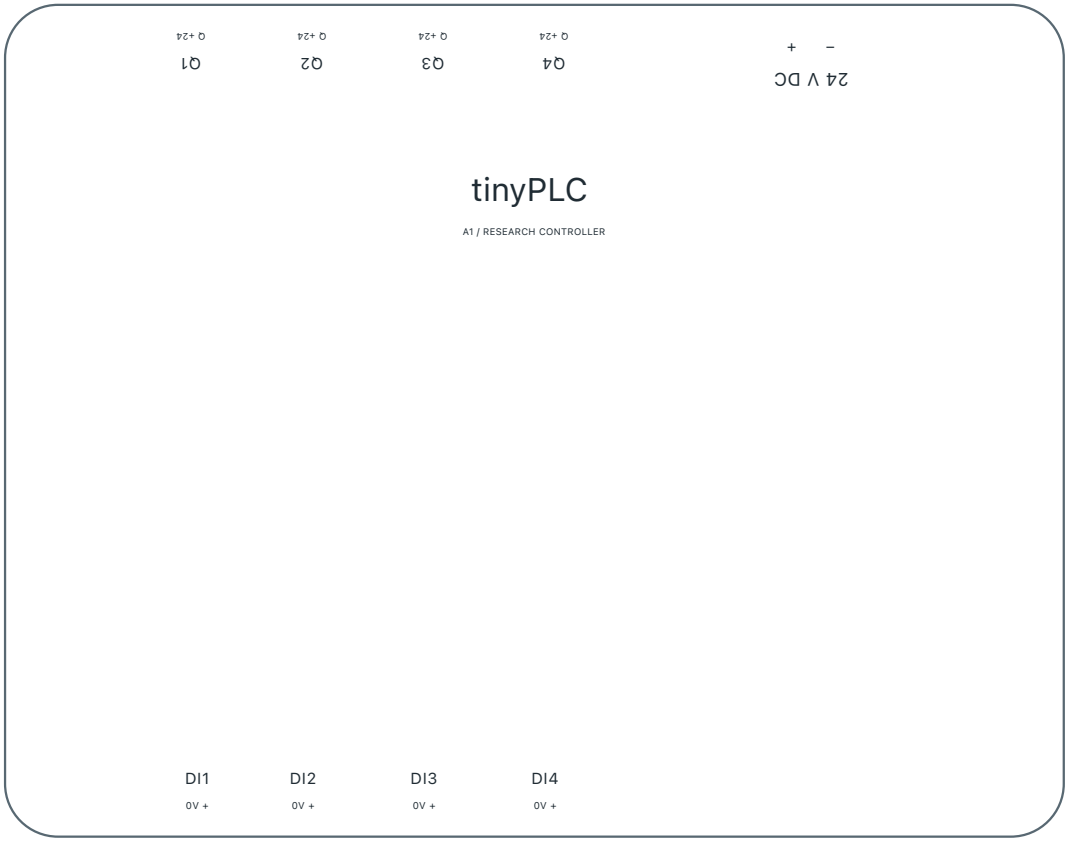
05 Applied label master / front-view orientation



Print at actual size on a suitable decal/transfer medium. Outline is an alignment reference, not part of the label.

Separate side labels below. No protective-earth symbol: 0 V/GND is the shared DC return, not PE.

24 V DC INPUT

– 0V/GND | +24V

USB / SERVICE

POWER

The lens mask is a separate 64 × 32 mm SVG. Mask artwork is a front view: reverse/mirror for reverse-side printing, keeping viewing windows clear.

100 mm — verify printed scale
